

The Hammer - Bug #120

Add scope word into the keyword list breaks code collapse and reindent

11/27/2018 12:20 PM - Wil van Antwerpen

Description			
Adding the words "while", "until", "loop" into the keyword list with a desire to get proper casing does break the reindent logic. This is due to some logic in the scintilla DLL and it has to be taken care of.
