

The Hammer - Bug #121

Objec neighborhood refactoring and BPOs

12/04/2018 05:11 PM - Wil van Antwerpen

| | | | |
|--|--------|------------------------|------------|
| Status: | New | Start date: | 12/04/2018 |
| Priority: | Normal | Due date: | |
| Assignee: | | % Done: | 0% |
| Category: | | Estimated time: | 0.00 hour |
| Target version: | | | |
| Description | | | |
| In a BPO the delegation_mode is disabled by default. As such the refactoring code should take that into account and not offer a refactoring option for code within a BPO. | | | |
