

## DfRefactor - Bug #127

### Starzen test case if-else statement with semicolon and begin on next line

03/08/2019 05:51 PM - Wil van Antwerpen

<b>Description</b>	
<p>Mike was so nice to share this test case:</p> <pre>class myfoo is a cClass Procedure Bar if (foo) ; // foo comment begin // begin comment showln ; // showln comment ; // blank line comment "bla" // bla comment end End_Procedure end_class</pre> <p>Then run the indenter and the result is:</p> <pre>class myfoo is a cClass Procedure Bar if (foo) ; // foo comment begin // begin comment showln ; // showln comment ; // blank line comment "bla" // bla comment end End_Procedure end_class</pre> <p>.. almost correct. It misaligns the begin/end clause.</p>	

#### History

##### #1 - 03/08/2019 05:51 PM - Wil van Antwerpen

- Status changed from New to Resolved

Fixed by adding a specific test on the "begin" if the single line comment indent code is active.

##### #2 - 11/28/2019 11:14 PM - Wil van Antwerpen

- Status changed from Resolved to Closed
