

The Hammer - Bug #29

Undo should never work past the initial file read

Target version:			
Description If you start the hammer and it loads a pre-existing set of files. Then make a change in one of the files and press Undo a few times. You'll see that you are allowed to do an undo past the file read. That of course should never happen.

- Status changed from New to Resolved

This turned out to be due to a misunderstanding.

Immediately after reading a new file, one should set

Send EditorMessage SCI_EMPTYUNDOBUFFER

instead of

Send EditorMessage SCI_SETSAVEPOINT
