

## The Hammer - Bug #66

### Scintilla incorrectly shows marker braces

06/27/2017 12:39 PM - Wil van Antwerpen

<b>Description</b>			
<i>Sergey</i> reported: When I have try codetip, on closing bracket it shows ' sign at the opening bracket. I assume, it might be TH marker (but on a wrong line and wrong bracket)?			

#### History

##### #1 - 06/27/2017 12:41 PM - Wil van Antwerpen

This is indeed a TH2 marker as was used for codemax.

Due to making CM\_PosFromChar to work for Scintilla, this now suddenly showed up.

I have removed the TH2 marker logic from TH3 when using scintilla.

##### #2 - 06/27/2017 12:44 PM - Wil van Antwerpen

- Status changed from New to In Progress

##### #3 - 07/06/2017 02:13 PM - Wil van Antwerpen

- Status changed from In Progress to Closed

- Assignee set to Wil van Antwerpen

fixed by putting compiler directives around the code that takes care of the codemax marker braces.
