<b>Description</b>			
<p>On dialogs - for example find in files - there's shortcut keys displayed on buttons and other controls. They no longer match with the default english definitions because those were made with On_Key statements Eg. in English the Alt+F shortcut key is displayed as "&amp;Find" whereas on Spanish it still is Alt+F with the label displaying "&amp;Buscar"</p> <p>Of course it should also change that shortcut key to "Alt+B"</p>
